## **Privacy Policy**

Happy Cat's privacy policy is very simple. We do not share your information with anyone, for any reason (I suppose the police could get a warrant for your phone number and address, and we would have to give it to them, but really, why would they?)

Please note:

- You may choose to leave a review on our Facebook page, in which case your name will appear with the review. That's how Facebook works. We may ask your permission to copy that review onto our website, in which case only your first name will appear. If you change your mind and want it removed, just let us know.
- In your client profile we will ask if you permit us to post photos or videos of your pet on social media. These photos and videos will be identified only with the name of your pet (e.g. "Cleo is in a playful mood today!"). Again, you can change your mind or ask us to take down any images of your pet at any time.
- You provide a signed veterinary consent form when you become a client. If your pet has a medical emergency and we have to go to the vet, we will take the form with us so the vet can see that you have given permission.

2019, Happy Cat Halifax
